CLASS - VIII

AIMS AND OBJECTIVES

ENGLISH

- To enable the learners to communicate effectively and efficiently in real situations.
- To enhance competencies in writing essays and exercise clear communication.
- To help the students to understand the rules of grammar and their use in writing English.
- To enable the students to improve their vocabulary.

HINDI

- चूँकि हिन्दी हमारी राजभाषा है इसलिए इस भाषा की शिक्षा बाल केंद्रित हो और सर्वांगीण विकास का बढ़ावा देने वाली हो, यही हमारा प्रयास हो।
- विभिन्न पठन सामग्रियों में प्रयुक्त शब्दों, मुहावरों, लोकोक्तियों को समझ कर विद्यार्थी को उसमें अपनी टिप्पणी, राय, निष्कर्ष आदि को विभिन्न माध्यमों से व्यक्त कराना।
- दैनिक जीवन से अलग किसी घटना स्थिति पर विभिन्न तरीके से सृजनात्मक ढंग से लिखना।
- किसी पाठ्य वस्तु को पढ़ने के दौरान समझने के लिए शब्दकोष, मानचित्र, इन्टरनेट या अन्य पुस्तकों का प्रयोग करना हमारा प्रयास रहेगा।

MATHEMATICS

- To enable the students to have clear ideas about number concepts. Enjoy mathematics and develop patience and persistence when solving problems.
- To give each student an understanding of ideas and operations in numbers and quantities needed in daily life.
- To enable each student to have clear comprehension of the way the number is applied to all measures but most particularly to those frequently used concepts such as length, volume, area, weight, temperature, speed etc.
- To enable every individual to become proficient in the four fundamental operations of addition, subtraction, multiplication and division.
- To enable the learners to understand the concept of ratio and scale drawing, read and interpret graphs, diagrams and tables.

SCIENCE

- To assess and utilize the in depth knowledge gained by students by associating the given concepts.
- To provide knowledge of the Law of nature and nurture the natural curiosity in students.
- To check their level of understanding and comprehension through reflective questions.
- To test the analytical skills of the learners as they assess the given information (tables or images) to answer the questions provided.

SOCIAL STUDIES

- To enable the students to learn about the past by creating a sense of historical diversity.
- To enable the students imbibe the values of the Indian Constitution and its significance as a citizen of India.
- To enable the students to make connections between political, social and economic issues and recognise the ways in which politics affects their daily lives.
- To enable the students to create a general idea of events and changes that occurred all over the world during the period of study.
- To enable the students to describe the relation between the two houses i.e. Lok Sabha and Rajya Sabha.
- To enable the students to interpret toposheets on the basis of contours and features represented through symbols and contours.
- To explain physical earth systems and how physical earth systems changes explain geographic phenomena.

COMPUTER STUDIES

- To help the students to understand the concept of object oriented programming (OOP) along with description of object and class with e.g.
- To help the students to learn Java with BlueJ features.
- To help the students to design and write java programs using appropriate selection statements (**Lab Session**).
- To enable the students to understand the definition of computer network with its components and benefits.
- To help the students to understand the computer network protocols and computer network terminology.

VALUE EDUCATION

- To enable the students to develop good habits, manners and etiquette from the very beginning.
- To encourage learners to make better choices and face situations with determination.
- To provide motivational quotes or positive attitude related to the value covered in each chapter.
- To appreciate the beauty of creation and its creator THE ALMIGHTY.
